Tips

- Public transport – Trams, metro and buses are efficient. [See my blog for more details](#)
- [HOSTELS](#) are the budget option to stay. If you are going with the family with kids, apartment is the best option as you have more space and options for cooking. To save money on food, buy food from supermarkets. Food can be very expensive from restaurants. If you stay in the hostels, most of them have kitchen- carrying a packet of noodle is a good option to save money. Consider hotels if you get a bargain.
